MEMORANDUM FOR: Deputy Comptroller

ATTENTION :

SUBJECT : Proposed Revisions of
Settlement of Accounts

1. Returned herewith is [redacted] undated memorandum proposing revisions of [redacted]

2. This Office has no legal objection to the proposed revisions.

3. We do, however, have one suggestion. As your memorandum indicates, the present regulation requires that the DD/S submit to the Board those cases which are within the DD/S jurisdiction. It makes no such requirement with respect to those which are within the jurisdiction of the DD/P or the Comptroller. The proposed revision continues this distinction. We wonder whether it would not be well to modify one or the other of these provisions so that the procedures would be the same for all three types of cases.
